Product Description: The Core Drilled Post is design for fixed case protection applications or for use with Alvarado railing systems to provide security and directional control.

Components:

- The **Core Drilled Post** is a 2.25" OD tube made from 11-gauge stainless steel. Post cap included.

Finishes: Core Drilled Posts are available in the following finishes:

- **Stainless Steel** – All external fabricated materials are composed of 11-gauge stainless steel polished to a bright finish.

Size: Core Drilled Series Posts are available in 41.25", 50", and 60" heights.

Options: Core Drilled Posts are available with the following options:

- **Rail Outlets** – Factory installed outlets that accept 1.75" OD Horizontal Rails made from 16-gauge steel tubes that are available in various lengths (Rails Sold Separately).
- **Base Cover** – A 5.5" ID x 1" high, 14-gauge stainless steel base cover polished to a bright finish.

Shipping: Core Drilled Posts are shipped capped and ready for installation. Horizontal Rails are sold separately. Alvarado ships products throughout the world.

Installation: All Core Drilled Posts must be installed on level concrete. Installation should be performed by a skilled installer following the manufacturer's instructions (Included).

Warranty: Alvarado Manufacturing Co., Inc. warrants Core Drilled Posts from defects in material or workmanship, for the period of ONE YEAR from the date of shipment. Complete details of the warranty are available from Alvarado by request.

Technical Services: Technical information is available from Alvarado Mfg. Co., Inc., and its representatives, distributors, and dealers.
