**Product Description:** The Defender XT is designed to provide removable corner case protection.

### **Components:**

- The **Defender XT Case Protector** provides an 11" protective arc made from 12-gauge steel with an outer radius of 4.5" and two (2) 0.75" diameter stainless steel stems welded to the inner sides. The ends of the stems extend 3" past the bottom of the protector plate and fit tightly into the included floor sockets.
- The **Defender XT Socket** is a 0.755" I.D. x 2.5" long stainless steel tube with a 1.75" diameter flange at one end and sealed at the other end.

**Finishes:** The Defender XT is available in the following finishes:

- **Polyurethane/Polurea Elastomer Coating** - The steel base finish is coated for higher abrasion resistance. Available in a variety of colors.

**Size:** The Defender XT Case Protector has an overall width of 8.5" and are available in 12", 16", or 24" high protector plates, which result in installed heights of approximately 12.55", 16.55", and 24.55" above floor level.

**Shipping:** Defender XT Case Protectors are shipped with socket hardware to mount the unit to a standard, level concrete floor. Alvarado ships products throughout the world.

**Installation:** All Defender XT Case Protectors must be installed on level concrete. Installation should be performed by a skilled installer following the manufacturer's instructions (included).

**Warranty:** Alvarado Manufacturing Co., Inc. warrants the Defender XT Case Protector from defects in material or workmanship, for the period of ONE YEAR from the date of shipment. Complete details of the warranty are available from Alvarado by request.

**Technical Services:** Technical information is available from Alvarado Mfg. Co., Inc. and its representatives, distributors and dealers.
