

## CFG

### Pedestrian Gate

The CFG is a highly versatile self-closing, non-locking, pedestrian gate that can be field configured to swing either bi-directionally or in a single direction. With satin finished crash plates on both sides, the CFG is equipped with two height configurable rubber crash plate bumpers. The CFG is suitable for special needs passage and all other types of pedestrian flow control applications.

The gate opens easily with minimal force. A reliable, gravity-assisted, closure brings the gate arm smoothly back to the closed position. Two cross-straps within the gate are spaced to accept clear plastic 8"H x 12"W sign (included) and any other landscape oriented signage (available from Alvarado).

Fabricated from cold rolled steel with a bright chrome finish, CFG gates provide 36" of passage width and can be installed stand-alone, or in conjunction with Alvarado's modular post and rail and/or turnstiles.

Shown with black bumper strip. Black bumper strip ships unattached, allowing placement on crash plates desired location by customer.

### Typical Installation Sites

- Supermarkets
- Liquor & Convenience Stores
- Schools & Libraries
- Amusement Parks
- Airports

### Product Features

- Field Configurable Swing Direction
- Field Configurable Crash Plate Bumper
- Wide Opening
- Easy to Open
- Smooth Closing
- Attach Signs
- Integrates with Other Alvarado Products

### Product Benefits

- Field configurable to swing in a single direction or bi-directionally.
- Field configurable to meet user height requirements.
- Provides a wide 36" passage width.
- Gate opens with less than 3 lbs. of force.
- Reliable gravity-assisted closure closes the gate smoothly.
- Gate cross straps are spaced to accept 8"H x 12"W signs.
- Install post outlets on gate and/or use with Alvarado, modular post and railing and turnstiles.

### Why Alvarado?

Alvarado is the leading manufacturer of full height turnstiles. Since its founding in 1956, Alvarado equipment has been installed in thousands of locations throughout the world.

Our superior product quality, integration expertise and industry leading service and support are just a few reasons that many of the world's most respected companies use our products again and again.

**Complimentary Products**

**SIGNAGE** - The CFG comes with a clear plastic sign (8”H x 12”W) and optional handicap logo. You have the option of purchasing and adding one of several other signs available from Alvarado.

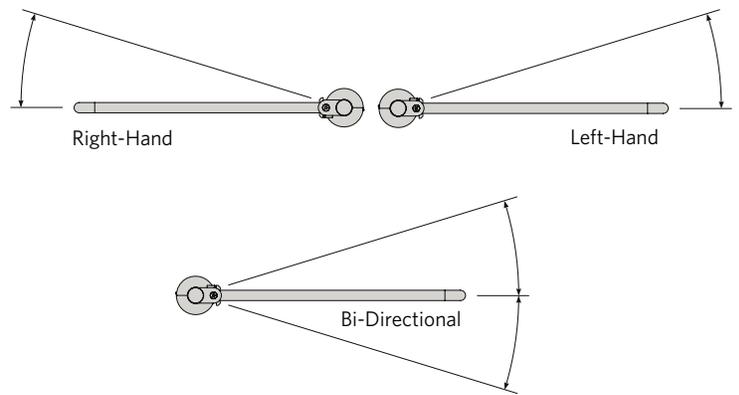

**POST OUTLETS** - Optional rail outlets can be added to the gate hinge-post to accept Alvarado 1.75” railing. Post outlets may be ordered factory-installed.

**Resources**

Alvarado’s knowledgeable staff understands that many customers do not deal with pedestrian gates on a regular basis. We offer assistance and technical expertise to ensure the best solution is selected for your facility.

Additional information, including detailed specifications, installation manuals, CAD drawings, and application images can be found online.
