

CLST

Full Height Turnstile

The CLST has all the key features of the best-in-class MST turnstile, with the addition of a clear side panel that provides a less industrial look. No other full height product comes close to the quality, looks, and performance of the CLST.

Product Features

- Single or bi-directional access control
- Either rotation direction can be fail-safe or fail-secure
- Safe, controlled rotation that adjusts to pushing force of user
- Suitable for outdoor installations
- UL and CSA listed, CE marked
- Integrates with any access control system
- UL listed

Product Benefits

- Integrates with any access control system
- Provides single user passage control
- Helps reduce staffing requirements
- Highly reliable; provides long term continuous use

Additional resources, including specifications, installation manuals and drawings can be found online.

Available Models

CLST-3	Manual
CLST-6X	Electric

Common Applications

- Perimeter control and fence line security
- Time and attendance integration
- Employee and visitor access control
- Unmanned point of entry
- Single direction control and/or one-way exiting

Typical Installation Sites

- Corporate facilities
- Secured government facilities
- Distribution centers
- Manufacturing plants

Options

- Proximity and biometric reader integration
- Backup battery
- Credential status notification lights
- Turnstile open / closed status lights
