

POST & RAIL

Alvarado modular Post & Rail can create virtually any railing configuration for queuing, cart corrals and much more. All post and rail is available in a chrome, polished stainless steel and satin stainless steel.

Combining posts and railing with Alvarado turnstiles and gates is a very inexpensive and highly effective method of channeling customers and reducing shrinkage in retail applications.

Our Vogue posts are the industry standard, and are available in both double and triple rail configurations, and include a 5.5" decorative mounting flange cover.

Space Saver posts are available in a double rail configuration, and include a 3.5" decorative mounting flange cover.

Our railing is 1.75" OD, and is available in a variety of lengths, or may be cut to match specific installation requirements.

Typical Installation Sites

- Supermarkets
- Warehouse Stores
- Home Improvement Centers
- Specialty Stores

Why Alvarado?

Alvarado is America's leading entry control products manufacturer. Founded in 1956, Alvarado turnstiles and gates are installed in thousands of locations throughout the world.

Our superior product quality, integration expertise and industry leading service and support are just a few reasons that many of the world's most respected companies use our products again and again.

Vogue* Posts

Space Saver Posts

* Vogue shown as double. Also available as triple.

Dimensions

All dimensions shown in inches (mm).

REO Kit

Our REO anchoring kit makes any Vogue post removable. Kit attaches to Vogue post base with four bolts.

Options

Post bumper guards are available to protect Alvarado post and rail.
