Defender SS & XT Corner Guards

Defender corner guards prevent damage to expensive store fixtures and equipment. The removable models fit into stainless steel floor sockets (included).

Product Features

- Durable; suitable for high impact areas
- Removable for easy floor cleaning

Finish and Sizes - Defender SS

- 12-gauge stainless steel front/solid SS pins
- Available in 12", 16" and 24" heights

Finish and Sizes - Defender XT

- Extra tough coating (will not chip or peel)
- Solid SS pins
- Available in 16" and 24" heights

Compact Design

The compact installation footprint of the SS and XT allow installation close to fixtures, which minimizes trip hazards.

Complementary Products

Alvarado's SSB removable floor bumper comes in sections that install easily and can be joined together to create seamless runs along walls or refrigeration aisles.
