Defender SS & XT Removable Corner Guards

Defender corner guards prevent damage to expensive store fixtures and equipment. The removable models fit into stainless steel floor sockets (included).

Product Features

- Durable; suitable for high impact areas
- Removable for easy floor cleaning

Finish and Sizes - Defender SS

- 12-gauge stainless steel front/solid SS pins
- Available in 12", 16" and 24" heights

Finish and Sizes - Defender XT

- Extra tough coating (will not chip or peel)
- Solid SS pins
- Available in 16" and 24" heights

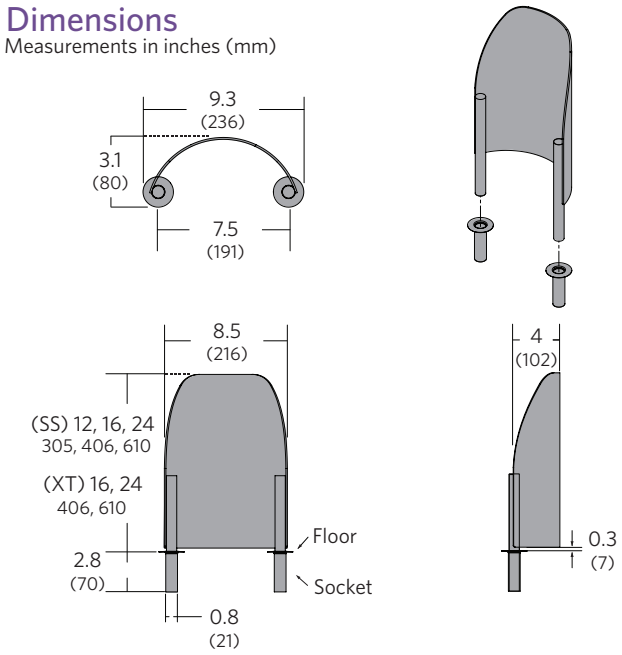

Compact Design

The compact installation footprint of the SS and XT allow installation close to fixtures, which minimizes trip hazards.
