ALVARADO

protecting assets and controlling the flow of people

CORNER PROTECTION

Alvarado Corner protection guard your fixtures, cases and refrigeration units from damage caused by shopping carts, pallet jacks, floor cleaners, and stocking carts. Corner guards can also reduce your maintenance and repair budget. Whether you choose our removable Defender, or our fixed CRI and DM, Alvarado corner guards match any store décor, and keep your cases and fixtures safe.

The **Defender's** rounded top is an attractive modern look. Stainless steel floor sockets allow the Defender to be easily removed for floor cleaning.

The **CRI** is a fixed corner guard. Available in three sizes, it features a classic chrome finish.

The tight radius of the 24" **DM** fixed corner guard allows for installation in close proximity to cases, fixtures and EAS equipment.

TYPICAL INSTALLATION SITES

- Supermarkets
- Warehouse Stores
- Home Improvement Centers
- Specialty Stores

Why Alvarado?

Alvarado is the leading manufacturer of asset protection products. Since its founding in 1956, Alvarado equipment has been installed in thousands of locations throughout the world.

Our superior product quality, integration expertise and industry leading service and support are just a few reasons that many of the world's most respected companies use our products again and again.
