SU3500

ALVARADO
protecting assets and controlling the flow of people

Motorized barrier optical turnstiles from Alvarado provide secure bi-directional entry control, while blending beautifully with high end environments. A combination of integrated sensors and motorized barriers control access, block unauthorized entry attempts and detect “tailgating” on allowed entries. Sounds and lights alert when an unauthorized passage is attempted.

The Supervisor 3500 has stylish, clear “barrier wings” that move quickly out of the way to provide high throughput rates in either direction.

COMMON APPLICATIONS

- Interior Entry/Exit Control
- Time & Attendance Integration

Why Alvarado?

Alvarado is the leading manufacturer of optical turnstiles. Since its founding in 1956, Alvarado equipment has been installed in thousands of locations throughout the world.

Our superior product quality, integration expertise and industry leading service and support are just a few reasons that many of the world’s most respected companies use our products again and again.

ALVARADO

model **SU3500**

OPTICAL TURNSTILES

KEY FEATURES	BENEFITS
Fast Moving Motorized Barrier Wings	Stylish and slender barrier wings quickly retract out of the way upon presentation of valid credential, **allowing rapid throughput.**
Reliable & Quiet Operation	Powerful motors and precise optical position encoders provide **thousands of quiet, trouble-free activations per day.**
Various Passage Widths	Barriers wings can be ordered to create 22” or 36” passage widths **- ideal for disabled or special needs access**.
Superior Optical Detection	Integrated sensors monitor passage, **detecting unauthorized access and “tailgating” behind an authorized user.**
Crawl Detection	Optical sensors will **detect individuals attempting to crawl underneath barriers**, setting off audible & visual alarms.
Easy Systems Integration	**Easily integrates with most access control and safety systems.**
Optional Barrier Etching	Barrier wings may be etched with customer logo or graphic **for a high-end, customized appearance.**

AVAILABLE MODELS

SU3500 - Single 22” Wide Lane (2 cabinets)
SU3500-A - Single 36” Wide Lane (2 cabinets)

OPTIONS

A number of options and a selection of materials and finishes are available.

COMPLEMENTARY PRODUCTS

Custom barriers are ideal companions to our optical turnstiles. They can fill gaps in your installation, direct pedestrians and provide an integrated appearance.

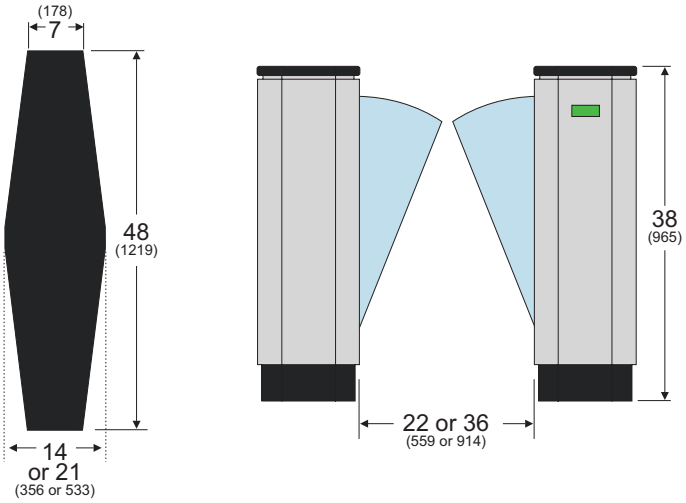

RESOURCES

Alvarado’s knowledgeable staff understands that many customers do not deal with turnstiles on a regular basis. We offer expert assistance and technical expertise to ensure the best solution is selected for your facility.

Additional information, including detailed specifications, installation manuals, CAD drawings, application images and throughput considerations can be found online.
