Vogue Post

Protection Post

The Vogue Post protects case, door and wall corners from impact damage from shopping and stocking carts. Vogue posts are also used for general fixture protection and to close off small open areas.

TYPICAL INSTALLATION SITES

- Supermarkets
- Retail Stores
- Food Service Areas

FUNCTION

Alvarado Vogue posts protect fixtures from damage caused by shopping and stocking carts. Posts come in standard heights, however because the posts have a removable top cap, they can be cut to size in the field. The post comes with a matching base cover which conceals installation bolts and provides a clean, finished look.

Options for installation include fixed anchored, removable and core drilled.

AVAILABLE HEIGHTS

The Vogue Post is available in 35" (889mm), 44" (1118mm) or 48" (1219mm) heights.

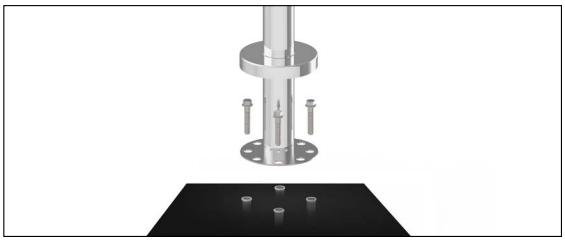

MATERIALS AND FINISHES

The Vogue Post is a 2.25" OD tube made from 16-gauge steel with a 5.5" diameter anchoring flange at the base. A base cover and post cap are included with each post. The 35" posts are available in bright chrome, stainless steel (satin and mirror finish) and powder coat colors. The 44" and 48" posts are available in bright chrome and powder coat colors.

OPTIONS

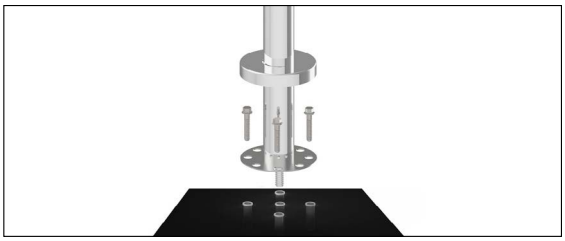

VOGUE ANCHORING PACKAGE

The standard fixed option provides four 0.375" bolts, expansion anchors and washers (shown right).

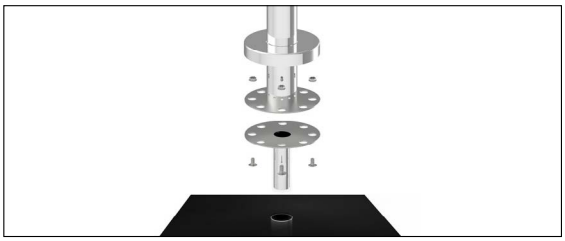

ZENITH ANCHORING PACKAGE

Zenith anchoring includes the Vogue anchoring package with the additional support of a threaded rod that runs top to bottom through the center of the post. The rod attaches to a 2.75" long double expansion anchor (shown right).

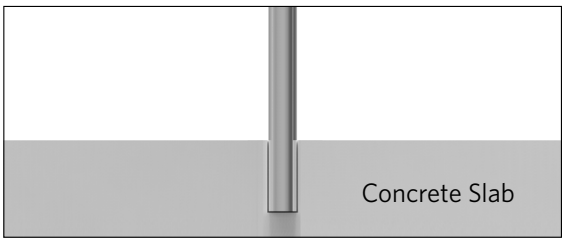

REO ANCHORING PACKAGE

The REO anchoring package makes any Vogue style post removable. The REO kit attaches to the base of the post with four bolts. The stem inserts into a socket that has been drilled and set into the floor (shown right).

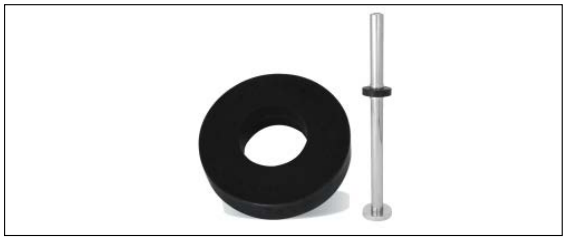

CORE DRILLED

42″ long posts are available for core drilled installation (shown right).

POST BUMPER GUARD

A plastic post bumper guard (shown right) attaches to any 2.25″ OD post to safeguard posts and equipment from impact damage. The bumper guard has a 5.5″ OD and includes two set rings for securing at a specified height (shown on right).

SHIPPING AND SITE PREPARATION

SHIPPING

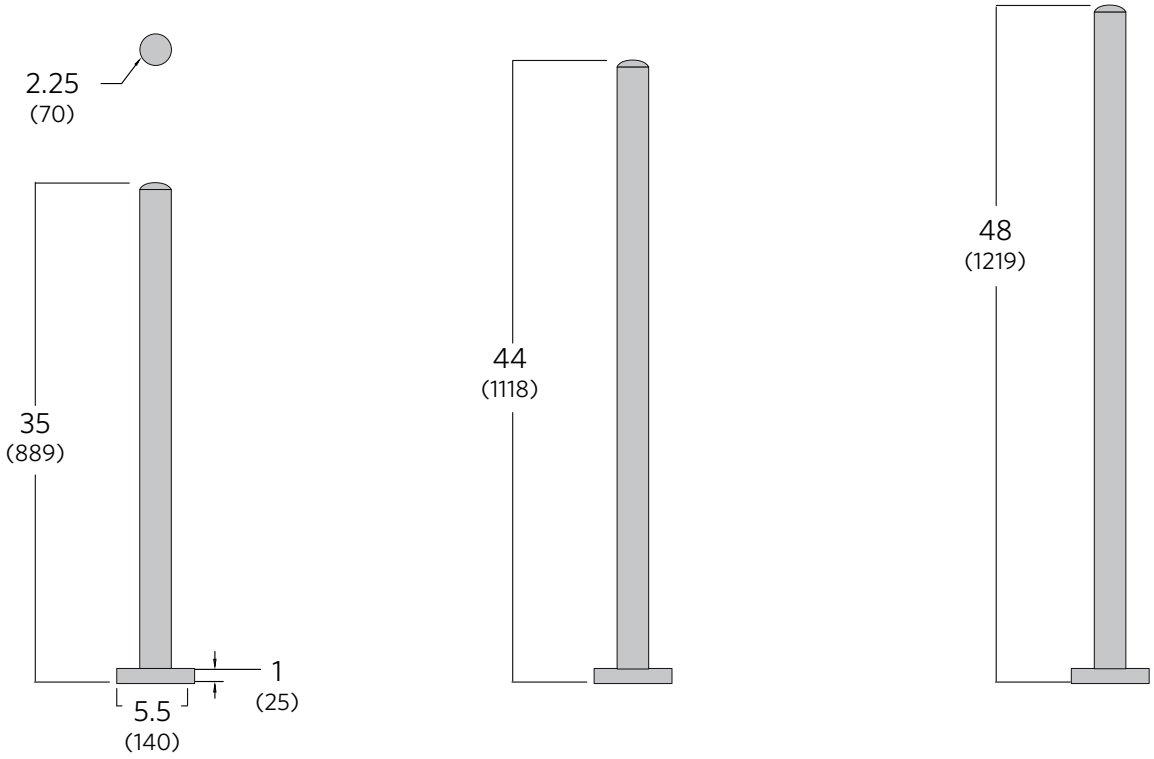

The Vogue Post ships one per box.

SITE PREPARATION

The Vogue Post installs on level concrete. A skilled installer should perform the installation, in consultation with the owner or end user, following safe practices and the installation guidelines that come with the product.

TECHNICAL DIMENSIONS

Dimensions are shown in inches (mm). All measurements are approximate.

Height and Weight*			
Product Height	35″	44″	48″

*Shipping weight accounts for 1 Vogue Post per box.

WARRANTY

For a period of one year from the date of shipping, Alvarado will replace or repair, at Alvarado's option, any products or parts which are defective in materials or workmanship, provided recommended installation and maintenance procedures are followed. This warranty is void if damage is due to improper installation, maintenance or use. This warranty is limited to parts only, and does not cover labor or shipping charges incurred in connection with the removal or replacement of warranted products or parts.

This warranty is expressly made in lieu of any and all other warranties, expressed or implied, including, but not limited to implied warranties of merchantability and fitness for a particular purpose. Alvarado shall not be liable for any loss or damage, directly or indirectly, arising from the use of purchased products. In no event shall Alvarado be liable to buyer for consequential damages, special damages, incidental damages, loss of use, business interruption, loss of profits, or damages of any kind arising out of the use or inability to use a purchased product. In NO event shall Alvarado be liable for damages which exceed the purchase price of a covered product.
