

CFG

Alvarado's CFG pedestrian gate provides patron entry and/or exit control. The Versatile CFG can be field configured to open in one direction (either entry or exit), or bi-directionally.

The gate has a 36" passage opening and meets most disabled and building code entry requirements*, making it suitable for special needs access. The fully welded construction of the CSG also makes it suitable for use by shopping cart patrons. There is a lower strike plate on each side of the gate, and noise dampening impact stripes are included.

The gate opens easily with minimal force. A reliable, gravity assisted closure brings the gate smoothly back to the home position.

The CFG comes in a bright chrome finish. It can be installed stand-alone, or used in conjunction with our turnstiles and modular post and railing. The gate comes with a clear acrylic sign with handicapped logo.

TYPICAL INSTALLATION SITES

- Supermarkets
- Liquor & Convenience Stores
- Schools & Libraries
- Amusement Parks
- Airports

*Always check local requirements

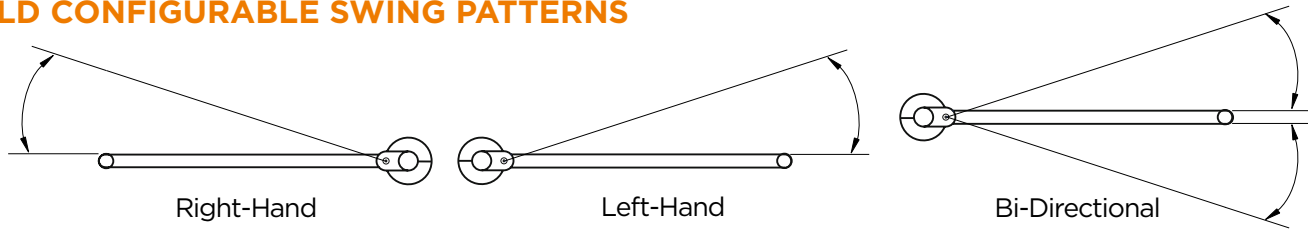

Why Alvarado?

Alvarado is the leading manufacturer of pedestrian gates. Since its founding in 1956, Alvarado equipment has been installed in thousands of locations throughout the world.

Our superior product quality, integration expertise and industry leading service and support are just a few reasons that many of the world's most respected companies use our products again and again.

Field Configurable Swing Direction	Field configurable to swing in a single direction or bi-directionally.
Impact Strips	Absorb impact and dampen noise.
Wide Opening	Provides a wide 36" passage width.
Easy to Open	Gate opens with less than 3 lbs. of force.
Smooth Closing	Reliable gravity-assisted closure closes the gate smoothly.
Handicapped Logo Sign	8"H x 12"W clear acrylic with handicapped logo sign included.
Integrates with Other Alvarado Products	Install post outlets on gate and/or use with Alvarado, modular post and railing and turnstiles.

FIELD CONFIGURABLE SWING PATTERNS

COMPLIMENTARY PRODUCTS

Our post and rail, as well as our turnstiles are ideal companions to our pedestrian gates. They can fill gaps in your installation, direct pedestrians and provide an integrated appearance.

POST OUTLETS - Optional rail outlets can be added to the gate hinge-post to accept Alvarado 1.75" railing. Post outlets may be ordered factory-installed.

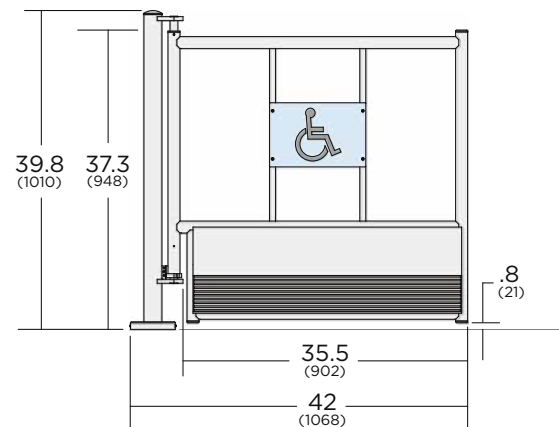

RESOURCES

Alvarado's knowledgeable staff understands that many customers do not deal with pedestrian gates on a regular basis. We offer assistance and technical expertise to ensure the best solution is selected for your facility.
