Vogue Post

Modular Post and Rail

Alvarado's modular post and railing systems are suitable for a wide variety of applications. Used inside grocery and retail stores, our railing is used to create custom sized cart corrals and, in conjunction with our turnstiles and gates, to control patron and shopping cart access. In other applications, post and rail is used to segment off areas or to create permanent queuing lines. Posts come with factory installed outlets in various configurations. loose rails are available in various sizes or long lengths can be cut to size in the field.

TYPICAL INSTALLATION SITES

- Supermarkets
- Retail Stores
- Food Service Areas
- Other Public Access Facilities

COMMON APPLICATIONS

- Patron Entry/Exit Control
- Permanent Queuing Lines
- Loss Prevention
- Custom Sized Shopping Cart Corrals

12660 Colony Street, Chino, CA 91710 • +1 (909) 591-8431 • alvaradomfg.com

FUNCTION

Vogue modular post and railing systems direct pedestrian and shopping cart traffic in stores and other facilities. Other typical uses include cart corrals (shopping cart storage areas), permanent queue lines and controlling access to segmented areas. Posts are fixed installed, using Alvarado's anchoring options. See Options section below.

AVAILABLE HEIGHTS

The Vogue Post is available in 35" (889mm), 44" (1118mm) or 48" (1219mm) heights.

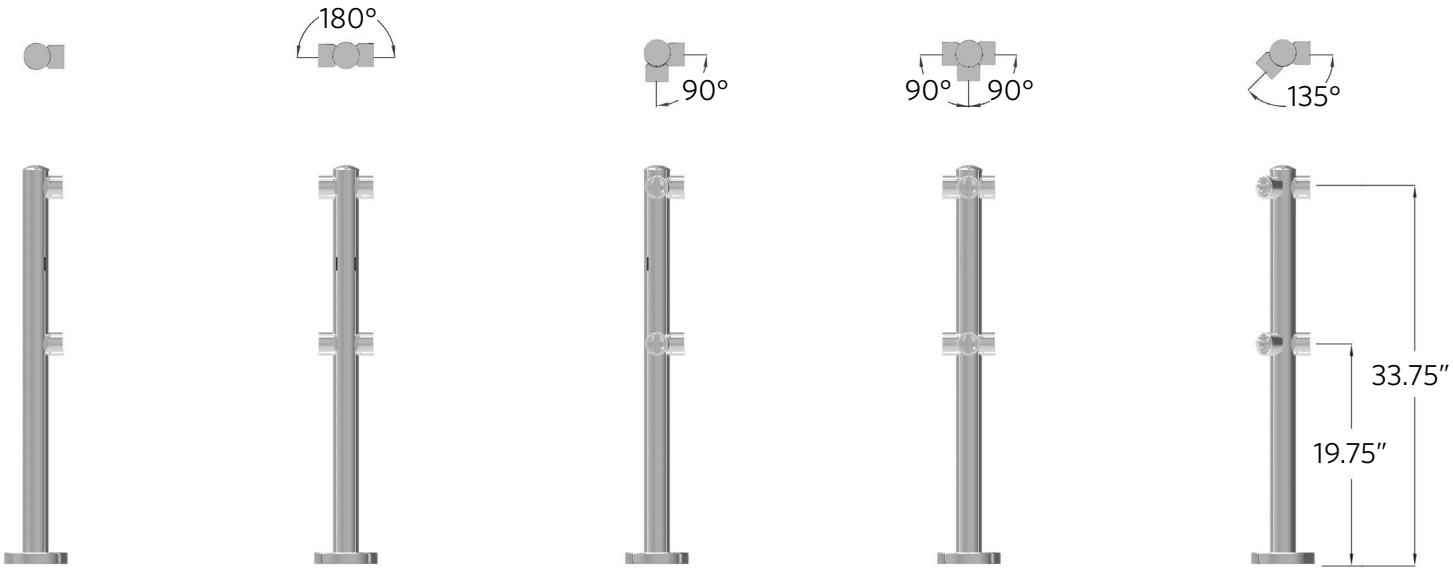

MATERIALS AND FINISHES

The Vogue Post is a 2.25" OD tube made from 16-gauge steel with a 5.5" diameter anchoring flange. A base cover and post cap are included with each post. The 35" posts are available in bright chrome, stainless steel (satin and mirror finish) and powder coat colors. The 44" and 48" posts are available in bright chrome and powder coat colors.

CONFIGURATIONS

Rail outlets are factory installed on the post to accept 1.75" OD horizontal rails (sold separately). Rails are 16-gauge steel and are available in a bright chrome finish, powder coat finish or mirrored or satin stainless steel. Available rail lengths are described in the Options section. Rail outlets can be installed in both double and triple rail configurations. Double rail outlets are available on 35" and 44" posts. Triple rail outlets are available on 44" and 48" posts. See below for all available rail outlet configurations.

35" DOUBLE RAIL

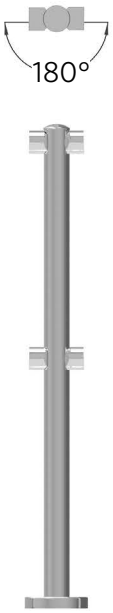

End Post | Center Post | 90° Corner Post | T Corner Post | 135° Corner Post

End Post (one outlet) | 90° Left Corner (three outlets) | 90° Right Corner (three outlets) | Center Post (five outlets) | T Post (four outlets) | Center Post (two outlets) | Center Post (three outlets)

OPTIONS

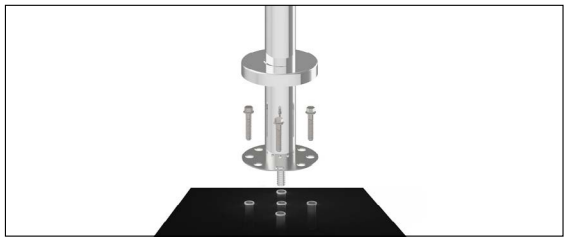

VOGUE ANCHORING PACKAGE

The standard fixed option provides four 0.375″ bolts, expansion anchors and washers (shown right).

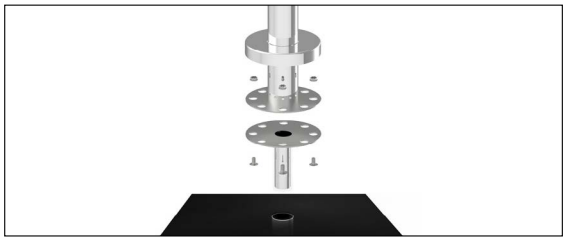

ZENITH ANCHORING PACKAGE

Zenith anchoring includes the Vogue anchoring package with the additional support of a threaded rod that runs top to bottom through the center of the post. The rod attaches to a 2.75″ long double expansion anchor (shown right).

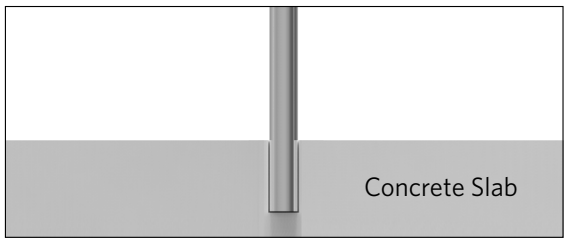

REO ANCHORING PACKAGE

The REO anchoring package makes any Vogue style post removable. The REO kit attaches to the base of the post with four bolts. The stem inserts into a socket that has been drilled and set into the floor (shown right).

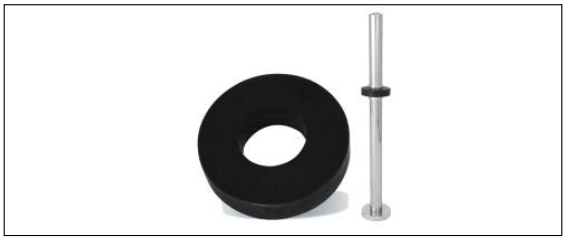

CORE DRILLED

42″ long posts are available for core drilled installation (shown right).

POST BUMPER GUARD

A plastic post bumper guard (shown right) attaches to any 2.25″ OD post to safeguard posts and equipment from impact damage. The bumper guard has a 5.5″ OD and includes two set rings for securing at a specified height (shown right).

WALL FLANGE

The wall flange allows 1.75″ OD horizontal railing to attach directly to walls or fixtures, eliminating the need for a post when space is limited. The wall flange is available in bright chrome (shown right) and custom powder coat finishes.

HORIZONTAL RAILING

Rails are available in lengths from 1′ to6′ in 3″ increments (e.g., 12′, 15″, 18″, 21″). Rails in lengths of 84″, 96″ and 120″ are also available.

SHIPPING AND SITE PREPARATION

SHIPPING

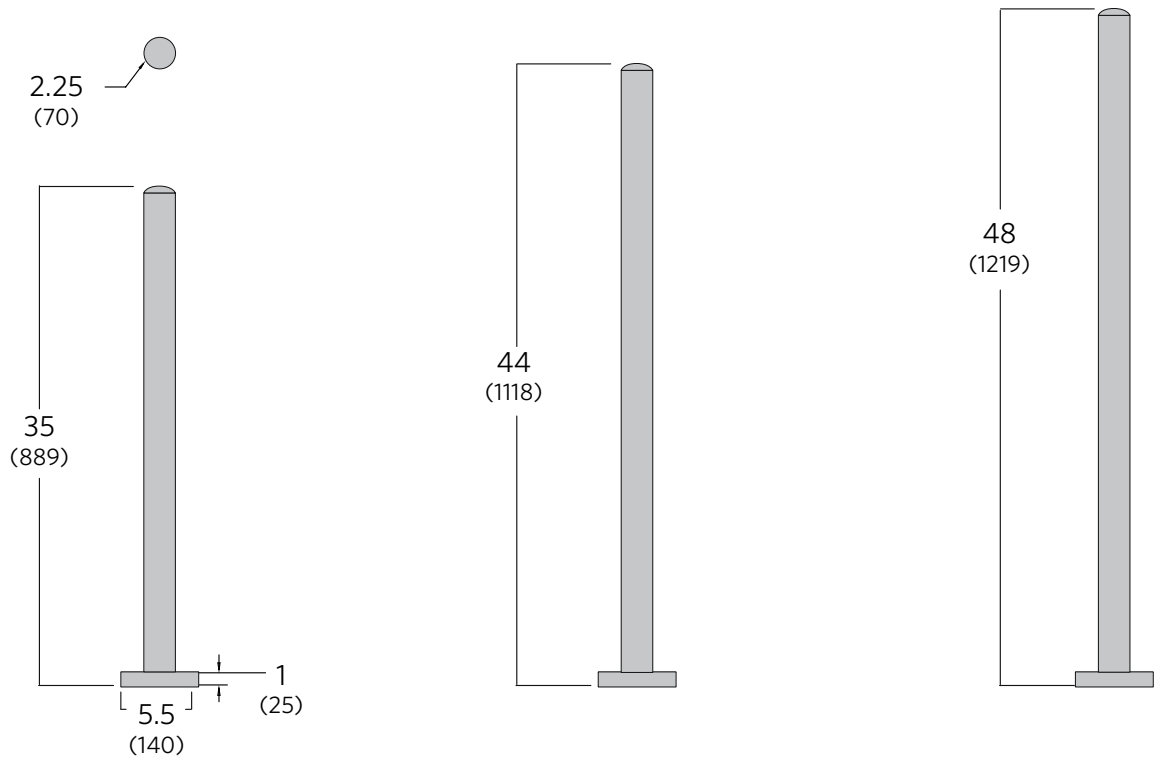

The Vogue Post ships one per box. Horizontal railing is packaged separately and quantity per box varies based on order.

SITE PREPARATION

The Vogue Post installs on level concrete. A skilled installer should perform the installation, in consultation with the owner or end user, following safe practices and the installation guidelines that come with the product.

TECHNICAL DIMENSIONS

Dimensions are shown in inches (mm). All measurements are approximate.

Height and Weight*			
Product Height	35″	44″	48″
Product Weight	6 lbs. (2.7 kg)	7.5 lbs. (3.4 kg)	8 lbs. (3.6 kg)
Shipping Weight	7 lbs. (3.2 kg)	8.4 lbs. (3.8 kg)	9 lbs. (4.1 kg)

*Product weight does not include rail outlets. Shipping weight accounts for 1 Vogue Post per box.

WARRANTY

For a period of one year from the date of shipping, Alvarado will replace or repair, at Alvarado's option, any products or parts which are defective in materials or workmanship, provided recommended installation and maintenance procedures are followed. This warranty is void if damage is due to improper installation, maintenance or use. This warranty is limited to parts only, and does not cover labor or shipping charges incurred in connection with the removal or replacement of warranted products or parts.

This warranty is expressly made in lieu of any and all other warranties, expressed or implied, including, but not limited to implied warranties of merchantability and fitness for a particular purpose. Alvarado shall not be liable for any loss or damage, directly or indirectly, arising from the use of purchased products. In no event shall Alvarado be liable to buyer for consequential damages, special damages, incidental damages, loss of use, business interruption, loss of profits, or damages of any kind arising out of the use or inability to use a purchased product. In NO event shall Alvarado be liable for damages which exceed the purchase price of a covered product.
